# SMART TRAVEL PADLOCK

eGeeTouch®

## SMART LOCK FEATURES

The world's-1<sup>st</sup> eGeeTouch® Smart Travel Padlock elevates your travel experience offering hassle free and improved security of luggage to accommodate increasing highly mobile worldwide travelers. This smart lock is embedded with state-of-art intelligent proximity access security technology to effectively eradicate disadvantages associated with traditional keyed & combination padlocks. This amazing lock requires **no key** to misplace, **no tiny digit-wheel** to dial, and **no combination code** to remember, to safeguard your personal belongings during a trip.

Equipped with **One-Touch function** for convenient unlocking using a tag or your paired-NFC smart devices, these worldwide patented eGeeTouch® Smart Travel Padlock are innovated for incredibly **ease-of-use** plus **high security protection** offering **hassle-free & peace of mind** experience to the frequent travelers and holiday makers which the traditional combination locks are unable to match.

### Advantages:

**NO KEY** TO FORGET/MISPLACE

**NO DIGIT-WHEELS** TO DIAL

**NO CODE** TO REMEMBER

### Innovation & Technology Driven

*Uses State-of-art NFC Access Security & Smart Identification Technologies*

Traditional Digit-Dial Combination Lock

### SPLASHPROOF & FREEZEPROOF

IP44 Rating for protection against water, and tested for continuous operation in temperature as low as -10°C.

### ULTRA HIGH SECURITY

Intelligent encryption technology and over 100million of encrypted combination codes ensures ultra-high security protection.

### TSA COMPLIANT BYPASS

Allows for mechanical key to bypass the lock to access and examine the content of your luggage without force opening or damaging your luggage. It is also a TSA compliant lock.

### LED NOTIFICATION

Clear colored LED notification during locking & unlocking.

### USB 2.0 CONNECTIVITY
